

Song Lyrics

By Chantelle Bee (Belanger-Sam)

Talkin that Bullshit

a

SHYY

Baby just hush

wont you shut up

those words that coming out your mouth

the talk is cheap its making you weak

but if you feel good then

if you feel good

talkin that bullshit (4X)

Chantelle Bee

you talk alot of bullshit

every word you say is a lie

spinning your stories

tryin to make me cry

i had enough of your shit

your games yeah

wont

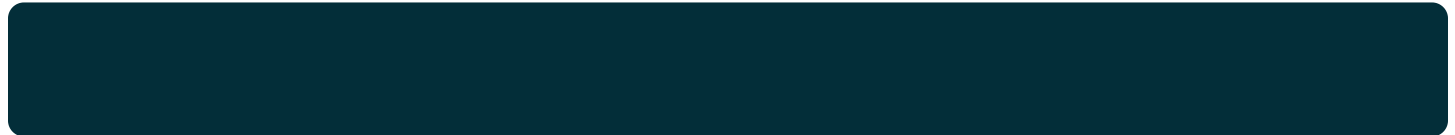

wont you just shut the fuck up

and stop

with the pain now

all your noise is getting old

say what you want but your losing control

cant take these lies no more

cant take this fuss no more

just shut up and leave me alone

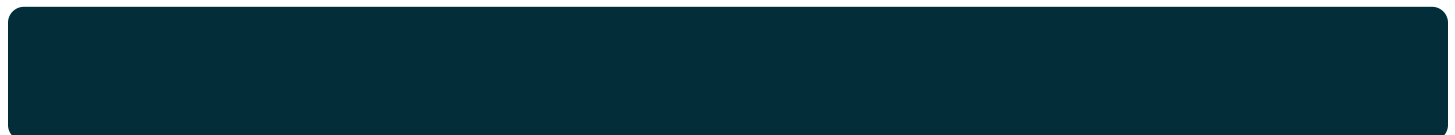

need to be in peace be alone

wont you just shut the fuck up for once

wont you just stop the lies for once

just stop all your non sense for once

im over your stuff im over your shit

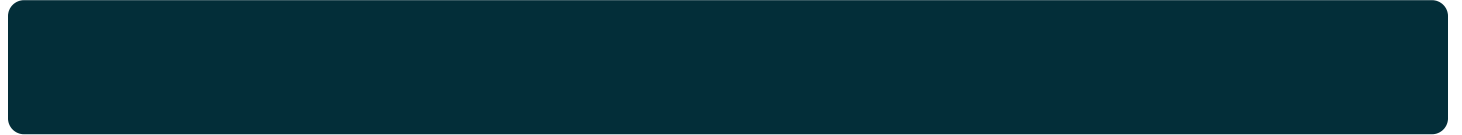

your just talkin real loud

I got nothing more

nothing else i wanna say to you

so shut the fuck up now
