

Song Lyrics

By Chantelle Bee (Belanger-Sam)

I need to be loved

I was with someone
thought he was the one
thought our love could never be un done
but here
i stand alone
thinking how he changed so much
but hes not who i thought he was

treats me like im nothin
like i dont mater at all
it feels like im invisible

like i dont exist i dont exist at all

i i need to be loved

need to be treated like a queen

feel like im needed

so tell me do you still love me

cuz im sick of cryin sick of feeling like im dieing

I need to be loved

I need to be loved you got me fallin apart but deep in my heart

i still love you but i

i need to be loved

i need to be loved

i dont wanna lose you but i knwo where through

cuz i need someone to love me

love me like i need to be loved

how did you fall in love with me and fall out of love

tell me tell me baby

tell me tell me now

cuz home doesn't feel like home anymore

I need I need to be loved

oh i need to be i need to be

oh i need to be

i need to be loved

i need to be loved

oooo i need to be

treated like a queen i deserve to be

cuz i need to be loved

need to be loved (2x)

need to be loved

i dont wanna cry no more

i need to be

i need to be loved

oh i need to

i wanted you i know i meant it

but where not meant to be

I need to be loved

I need

i need to be loved (2x)

need to i need to be

oooo i need to be

to be loved

need to be loved

oh i need to be

i need to be loved

oh i need to be loved

oh i need to be loved

i wanna be the queen i deserve to be

i just wanna be oh i wanna be

oh i want to be loved
