Falling Down Feat HoobeZa

written and produced by HoobeZa as well

hoobeZa

When I need your love

your never around

you feel above me

it brings me down

you never found a way to bring me up

and now I'm falling down I'm falling I'm falling down you never tried

now I'm falling down

cbee

my hearts on freeze trying to hold on

to feelings that should be gone

so here I am chasing shadows of the night praying you come back to me
there's no pause your just gone
I hit your line and then you ghost me
trying to be strong but I need you to ease my pain
when I need your love your never around
when I need your touch your not to be found searching for you
but your no where in sight
now I'm sitting here missing you on this lonely night

hoobeZa

When I need your love
your never around
you feel above me
it brings me down
you never found a way to bring me up
and now I'm falling down I'm falling I'm falling down you never tried
now I'm falling down

cbee

scars you made cut so deeply
wish I could let you go completely
sick of the game your playing

fighting these demons every night but you ain't got a clue

I need you but you don't need me you just need you

**if you need my love I wont be around if you need my touch I'll be no where to
be found if your searching for me I'll be mo where in sight you will be missing
me on this lonley lonely night**

if you need my love

hoobeZa

When I need your love

your never around

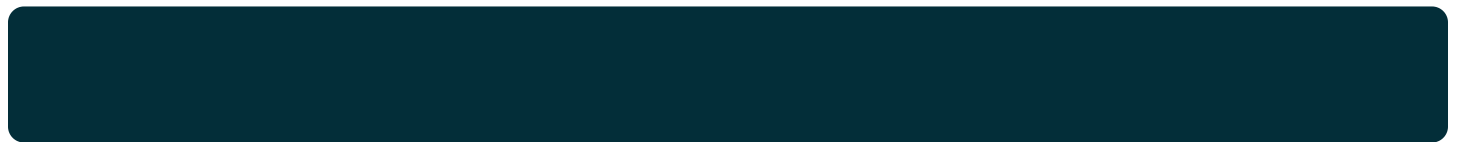

you feel above me

it brings me down

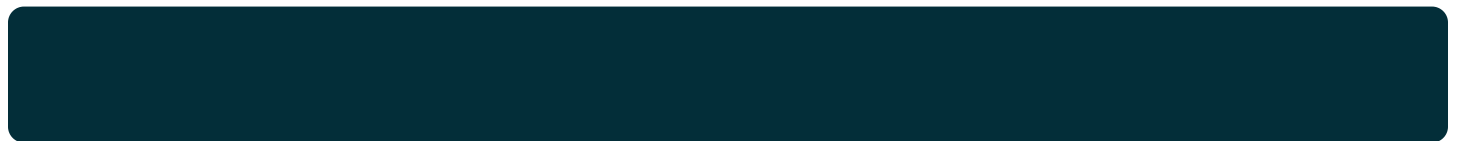

you never found a way to bring me up

and now I'm falling down I'm falling I'm falling down you never tried

now I'm falling down
